About VVRS PROLOGUE

In 1954, the Government of Bihar set up Netarhat Vidyalaya, with the objective of promoting excellence. The experiment proved to be a success. It provided an opportunity to a number of young and intelligent students of Bihar to become ideal and successful citizens by fusing the traditional Indian values with the modern scientific attitude.

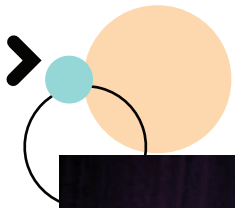

The alumni of Netarhat Vidyalaya felt the need not only to keep the Netarhat spirit alive, but also to contribute effectively to the educational excellence of Bihar. Hence, the Alumni and the retired teachers resolved to set up a Residential School which would run on Netarhat pattern with certain modifications in the medium of instruction and curriculum. Vidya Vihar Residential School at Parora, Purnea, is an attempt to fulfil this long cherished dream.

TOWARDS ACHIEVING AIMS AND OBJECTIVES OF EDUCATION

Vidya Vihar Residential School invites both male and female students from all parts of India and abroad with an objective to develop their potentialities in every walk of life. Promotion of excellence is the basic objective of this institution. Besides, achieving high academic standard, the school would like the students to develop an integrated personality. The school seeks to create conditions for an all-round development of character in which fraternity, equality and justice for all shall be the guiding principles.

The main thrust is to provide the students an opportunity to imbibe scientific knowledge at an early stage through a rich and well-stocked library and computer education, and help them evolve scientific temper. Instead of limiting education as a method of instruction, various modalities and instruments are pressed into service to enable students to undertake free inquiry with confidence. Curricular and Co-curricular activities have been designed by experts to help students to imbibe sound moral values, a high degree of social responsibility, physical fitness and creativity.

It is Important to mention here that it was a boys school for long years. To see no boarding school for female Children around and continuous demand for such from large number of parents and guardians, the Management decided to impart value based education to girls admitting them in classes 6th, 7th, 8th and 11th.

About VVRS SCHOOL AND MANAGEMENT

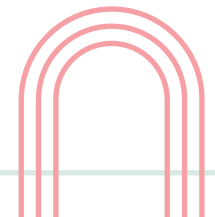

Vidya Vihar Residential School is a fully residential school for boys & girls from standard IV to XII and for girls six & onwards. It was the first ISO 9001 certified school of Bihar. The school campus is spread over an estate of 31 Acres in a pollution free, calm and lush green atmosphere conducive to learning and free-thinking. The school building and various other facilities have been developed well beyond the guidelines of CBSE, New Delhi. These consist of School Building, Hostels, Mess, Administrative Block, Guest House, Health Care Centre, Staff Quarters & Auditorium. Sufficient facilities have been created for a rich Library, state of the art Laboratories, ATL, Space Lab, Indoor Sports Hall, Outdoor and Indoor Games, Open Air Theatre, Art & Music, Water Supply and Electricity. The school is absolutely cosmopolitan in its outlook and extends the services on the line of a public school and provides a comprehensive and liberal education for children of all communities and states.

School Rules

OBJECTIVE: MISSION IIT/NEET/CA POSSIBLE PROBLEM WITH REGULAR COACHING SETUP

1. Coaching and +2 level schools are rarely integrated. The distance between school/college and coaching institute greatly affects the quality of preparation. For instance, in Patna, schools/colleges are in Mahendru area coaching institutes are in Kankarbagh, Boring road area. In Delhi, schools/colleges may be in R K Puram/Uttam Nagar while coaching institutes are in Hauz Khas. Same phenomenon is observed at Ranchi, Bokaro, Kota, Varanasi and many such other places.
2. Distance between school/college and coaching institute takes away valuable time of aspirants. Commuting between school/college and coaching institute is very hectic for students. In other words, it lays extra burden on aspirants.
3. In above situation, aspirants feel very exhausted throughout the day. So they cannot give 100% efforts on self study which is very important to assimilate and absorb the concepts taught in the coaching sessions.
4. The curriculum of schools and coaching are not coordinated (both in content and pace). For example, while at a certain time if thermodynamics is being handled at School, the coaching is handling optics. In this scenario, aspirants will not be able to concentrate on either of the topics. At the end of the day, aspirants manage to gain only half-baked knowledge on both the topics
5. During survey, students lamented the low emphasis given to basics. Tutors tend to jump directly to advanced problems after dealing with only a couple of basic ones. This adversely affects the concept building process of aspirants. Schools think that detailed study is to be done only in coaching institutes. Ultimately students suffer from both sides.
6. In coaching there are number of batches formed and aspirant teacher ratio is very high (about 200:1) So these institutes lack in personal attention to aspirants. Thus, individual doubts are rarely handled or eliminated.
7. Initially, when an aspirant joins any coaching, his expectations are pretty high in terms of study, attention etc. After a span of time when he faces this grim reality, he/she gets disappointed. But alas precious time has already been lost. His Career Goals remain unattained.
8. Parents are not made aware of the regular progress of aspirant because there is no open feed back system in present school/coaching education system.
9. It is practically not possible for an aspirant to buy all foreign publications books for preparation. Hence, one has to remain contented with local publications
10. Inaccessibility to a laboratory during preparation is another important issue. We know that laboratory plays an important role in understanding concepts. If an aspirant goes through practical learning process, his efficiency improves. In absence of lab work, rote learning (remembering and mugging of subject) doesn't help much.
11. Environment plays an important role in making valued aspirants.
 - (A) When an aspirant goes to any metro/mega city for preparation, there are chances to fall for many bad habits like smoking, chewing tobacco, drinking, pornography, movie mania etc. in absence of proper guidance.
 - (B) Non-availability of hygienic & nutritious diet leads to many health problems, normally jaundice, typhoid.
 - (C) Unlike minded people in the vicinity creates disturbance for aspirants.

After much analysis of problems with existing set-up of advanced classes system, we have PUT IN PLACE a system in Vidya Vihar which will help student in :- cracking JEE (Main/Advanced)/NEET etc.

1. An integrated system in which schooling and extra classes facility will be in the same campus to avoid waste of time & exhaustion caused by travel.
2. Daily plan that will ease out the pressure on the time for the student - unlocking lots of extra time required for self studies
3. Top-notch faculty from strong academic background with experience in effective JEE/NEET/CA advanced education system
4. Same teacher for XI & XII studies & JEE/NEET/CA preparation
5. Coordinated course system in which the education process would progress from very basic to advance level.
6. Synergistic and Complimentary approach to both the Board studies as well as JEE/NEET/CA preparation.
7. Detailed course study with maximum time advantage of a hostel.
8. Faculty aspirant ratio would be low (1:20) for proper attention on each and every aspirant.
9. Open feedback system in which appraisal of aspirant, faculty, management and various processes would be done regularly.
10. Regular test (conceptual and numerical) to assess the aspirant's grasping of concepts.
11. Prepare students extremely well for not only JEE/NEET/CA and board exams but for all entrance exams.
12. Rich library facility in school as well as in hostel.
13. Teaching through model and multimedia to clarify the concepts of 3D-view.
14. Sophisticated laboratory facilities for practical learning process.
15. Healthy environment to avoid any kind of deviation.
16. Extensive facilities of indoor and outdoor games for aspirants for quality recreation.
17. Regular interaction with achievers from different fields (like IIT alumni) to motivate aspirants. Motivated minds can achieve goals with full enthusiasm. Absence of regular motivation permeates doubt in aspirants.

This is a program which helps one achieve probably the best in everything that a student can aspire for.

Best possible performance in JEE MAIN/NEET/CA

Best possible performance in Board Exams &

Developing thorough and healthy personality for success in life.

About VVRS VISITORS' NOTES

To
The Future Leaders and Changemakers of India !!

Vidya Vihar Provides you the opportunity to become better self of yourself.
Its ok to be uncertain and fearful ...

" Have confidence and grit in you ...

" Dream big and work hard to achieve it ...

" Be the change that you would like to see in the world ...

I Shubham (1530,13th Batch,2012),AIR 1 CSE 2020,
believe in ' YOU ' So you Should "Believe IN YOUR-SELF" and DO NOT BE SATISFIED WITH YOUR-SELF...!!!!

To
The Students
Enjoy Your stay here at VVRS.
This would stick with you throughout your life.
So enjoy each and every moment and along with it always remember why your parents have got you admitted here.
Learn as much as you can from whomever you can..

Kumar Nishant Vivek
